Tiffany,

The responses regarding the DWSRF and WIIN grants look good. Yvonne made a general edit in all the responses and will defer to you whether or not to keep it. Howard added background notes on the current state of play, absent new legal frameworks. And Hannah is good to go, as well. Let us know if you need anything further. Thanks,

Sounds great. Thank you. I'll just place your edits in the shortened version and send off to YT for review. JM is out.

Tiffany,

We're wrapping it up. I've got the larger document on our Teams site for our folks to update and will forward it to you as soon as we are finished. Thanks,

Everyone,

I've cut out all of the other QFRs that don't relate to OGWDW for ease of review by Jennifer and Yu-Ting. I realize that DWPD isn't in yet but if they send me their responses in the full document, I can incorporate the changes into this shorter one, or they can use this one to edit.

Tiffany:

Attached please find SRMD's input on the draft responses. We only suggested one edit to more directly respond to a question posed about safeguards while the LCRR Review is underway. We do not have edits to the other responses on the LCRR which address plans for funding LSLR under the AJP. DWPD may wish to review these to assure they are appropriate.

**Subject:** By 10AM tomorrow - Wed: Review draft HE&C QFR responses

**Importance:** High

We have received QFRs from HEC from the June 14 hearing. OCIR has drafted responses. Please send any edits in track change to me by 10 AM tomorrow to meet the OW deadline of 2:00 (please cc Jennifer and Yu-Ting on your responses due to the lack of time). These are already drafted and those that are OW's are highlighted so I don't expect too many changes. Matt has asked for assistance related to the LCRR questions

**Subject:** By COB Wed: Review draft HE&C QFR responses

Hi Greg,

As we previewed earlier this afternoon, attached is the set of **House Energy & Commerce** budget-hearing QFRs for OW's input. **We need OW's input by COB Wednesday** in order to meet our deadlines.

**A few notes:**

- I've attached the full set of questions along with OCIR's first cut at proposed responses. (I've attached the full set mostly to ensure that the numbering remains aligned. Feel free to share within OW in whatever format works best.)
- Below is a Table of Contents with just the questions with OW equities. Some of the questions also involve other offices (e.g., OAR for CCUS; ORD PFAS) and those offices are also reviewing.

## Ex. 5 Deliberative Process (DP)

Let me know if you or the team has any questions or concerns – and thanks as always for everyone's help.

Best,  
Matt
